

Forest Lake State School –Year 2 Apps - 2021

1. The easiest way to ensure you are downloading the required apps is to access the electronic list, which links directly to the App Store. **The electronic links for 2021 lists are available via:** <https://list.ly/FLSS/lists> Make sure you download apps for your child’s specific year level.
2. For further information about the program, including links to the apps lists and setting up the required Folders for apps, see <https://forestlakess.eq.edu.au> – **Quick Links: 2021 iPad Information**
3. Ensure you have the correct iPad settings. See <https://forestlakess.eq.edu.au> – **Quick Links: 2021 iPad Information**
4. ***DO NOT SUBSTITUTE FREE VERSIONS OF APPS.** The paid apps are essential and will impact on your child’s capacity to complete required curriculum activities if not purchased. To avoid purchasing the same app for each child in the program, you can set up Family Sharing (see [Apple website](https://support.apple.com/en-au/HT201060) for instructions) which allows sharing of the same app with up to six family members.
5. It is strongly recommended that you set up **Family Sharing** (see <https://support.apple.com/en-au/HT201060>) This allows up to six family members to share app purchases without having to share the same account. Once you have purchased an app, such as Book Creator, you can then download it to siblings’ iPads, avoiding having to purchase it more than once.
