

Sizing Chart

Effective 30.10.2020. Based on Supplier's Mr Charles & Nova

- Sizing Chart is a guide only
- Measurements available at this stage for Formal & Sports Uniform up to size 12. Larger sizes are available.
- Important to note: There has been a change in suppliers over the last year and our previous supplier Mr Charles did have a slightly different sizing structure. Some items will only be the new supplier or vice versa. We also have a few items/sizes from both suppliers that are equivalent in size so you will be provided with the next in line. Sizing Chart below will reflect the supplier against the size.
- When ordering online please select the correct size from the drop-down list of each product.
Please refer to the Flexi Schools online process for further information on setting up etc.
- We apologise that face to face sizing is not available at this time but if you do have a problem with the size once you receive, we will be more than happy to exchange for you.
- It is important once you receive order to keep any tags on & packaging while you try on so we can swap for you if there is a problem with sizing. Also keep a copy of receipt/ date of purchase.
- If you have questions or concerns, please email the uniform shop and we will endeavour to come back to you as promptly as possible or touch base with the School office. uniformshop@flsspandc.com.au
